

Physical Education Department Policy-Pupils Valuables

During lessons (curriculum time) all pupils valuables/jewellery must be taken off and left in the changing room before the start of the lesson. The changing room will be under constant staff supervision and locked once the last child has left. Any pupil can give valuables to a teacher to be locked away separately but only during the changing period and not during the lesson.

If at any stage during the lesson a child is still wearing jewellery they will be asked to remove it and give it to a non participant or leave it in a safe area within the teaching environment.

During extra curricular activities the changing rooms will not be locked, pupils will then need to take valuables with them into the activity area and place them in a safe place or hand them to a member of the PE department staff to lock away in an office space.
